Credit Recovery

- Credit Recovery – a class that is taken online or in the classroom in which students work to earn credit for a class in which they previously failed
 - Passing Score: A student must score at least **80%** (an A or B) on all unit tests in order to earn credit for the class.
 - On your transcript, the recovered course will be recorded as a new course, with a new grade. Unfortunately, your original course grade will also remain on your transcript.

4-Year Plan Credit Check

- Check to see that the credits in your plan meet the credits required for graduation.

Why is the FAFSA important?

- *“We offer more than \$150 billion each year to help millions of students pay for higher education.”*
- “Everyone should fill out the FAFSA, because everyone is eligible for some form of financial aid, no matter their circumstances.”
- “The FAFSA is important because completing this form is the only way to receive state and federal financial aid.

Completing the FAFSA is the single most important step that you can take to get financial aid. By completing the FAFSA, you are applying for most types of financial aid.”

FAFSA

Financial Planning for College and the FAFSA

What is the FAFSA? FAFSA is the Free Application for Federal Student Aid and the universal application for financial aid at all eligible colleges and universities. It is available in English or Spanish at www.fafsa.gov.

Students and families must complete the FAFSA as early as possible every year the student plans to attend higher education. As a senior in high school, the earliest you can complete the FAFSA is January 1 – complete it as soon as you can after the New Year. It is suggested that you apply on-line.

In preparation to submit your FAFSA, you will need to gather the following documents:

- ___ Social Security Numbers (parents not required to have a SSN)
- ___ Driver's license if you have one
- ___ W-2 forms and other earning records for most recent tax year or Federal Income Tax Return for the most recent tax year
- ___ Untaxed income records – Social Security, Child Support, Worker's Compensation, Non-educational Veteran's Benefits, Temporary Assistance to Needy Families or welfare records
- ___ Current Bank Statements
- ___ Business records only if the business has greater than 100 employees
- ___ Farm records only if the farm is not your primary residence
- ___ Current investments such as stocks, bonds, and rental property
- ___ Your alien registration card if you are not a U.S. citizen

Strategies for Winning Scholarships

- It's a numbers game
 - Even among talented students, who wins involves a bit of luck, not just skill
 - To win more scholarships, you need to apply to more scholarships, but only if you qualify
- You can't win if you don't apply
 - One in four students never applies for financial aid
- The more you apply, the easier it gets
 - Essays can be reused and tailored to each new application
- Don't miss deadlines
 - Use a scholarship tracker to help get organized and help prioritize your applications by deadline and award amount
 - Use your calendar to note scholarship application deadlines

Searching for Scholarships

- Start searching as soon as possible (if you wait until spring to start searching, you will miss half the deadlines)
- Use a free online scholarship matching service
- **Search the DSF website**
- **Search Google Classroom for links to more Scholarships**
- **Search Naviance (Scholarship List” & “Scholarship Match tools)**

Attendance Rate is calculated at the end of each day, and describes the percentage of time during the current school year that a student was marked present. It is calculated by taking the number of minutes the student is marked present and dividing by the number of minutes in which the student is enrolled. Exempt absences and non-instructional class periods are not counted. To see which days or class periods your student was marked absent [click here](#).
